In this hollow hole I sink, into a shell and there I
Feel nothing at all Where are you now? When I need
you
Where were you when I needed you the most

Are you lost in the sound, lost in the go around, and I
can't help but
Wonder
Are you lost in the sound, and I needed you to be there
for me

All I know, is the pain, it won't go away
As long as I'm here, as long as I stay

When I first woke up, I felt a little older
I cannot feel my soul, like I could when I was young
I feel a little empty anymore, I've lost all I know
Wait for me, and I'll make it back, I wont take long
Wait for me, I need you now, I'd die without you
