This double standard kind of life is taking it's toll on me
I have told myself to be strong, be calm, and carry on
I just don't know where to go from here

This disillusion that closed your eyes, making you
believe you've got it

All

This disillusion that changed your mind, making you
believe you've got it

All right

I'm giving up, I'm giving in
I can't let it end like this, you're not the woman I loved
It's changed now that I'm gone, do you need me to be
at your bare feet

It's hard for me to say, to put into words, what I mean
and how I feel

This is me, this is my heart

This is me, and this is my heart, don't take it for
granted
