You see the world. Feel confusion.  
You hang around, and you don't know where to turn  
You ask yourself "where does it all come from?"  
You ask yourself "why am I in deep despair?"

Can't you see what he has done?  
All your prayers go to his heart

Come walk with me  
Sing a song  
Watch the sun go down  
Come, walk with me  
Let's hold hands  
Watch the world go round and round

So, in times of doubt  
Come and walk with me  
Clouds will pass away  
When you sing this song with me

Can't you see what he has done?  
All your prayers go to his heart

Come walk with me  
Sing a song  
Watch the sun go down  
Come, walk with me  
Let's hold hands  
Watch the world go round and round

So, don't blame me anymore  
(So, don't blame me anymore)  
It can break you from the despair a few minutes more

Watch the sun go down  
Don't leave me, don't leave me

Come walk with me  
Sing a song  
Watch the sun go down  
Come, walk with me

Let's hold hands  
Watch the world go round and round

Walk with me  
Walk with me  
Sing a song  
Watch the sun go down
