WAY WAY OUT

Gary Lewis & the Playboys

10, 9, 8, 7, 6, 5, 4, 3, 2, 1!

We're gonna take a trip, girl
So slip into somethin' slinky & smooth
Just wave the world goodbye, let's fly
'Cause girl, I've got a whole lot to prove
I need to show you I know you & me
Were meant to go the whole route
If you stick with me, girl
You'll see what the game of love's all about
I'm gonna put a smile upon your face
Get ready now, you'd better brace yourself
We're gonna take a trip in outer space
Fly now, we'll be back later, girl
Come on & go with me
& you'll see what the game of love's all about
It's way way out, way way out
Way way out, way way out

Time to pack your bag, just grab my hand
& let me show you the way
I've nominated you the girl who
I would like to lead me astray
I'm gonna prove to you that love is groovy
So you'd better watch out
I'm gonna hold you, kiss you
Teach you what the game of love's all about
The moment that I saw you in the crowd
I planned to take you into orbit, girl
I'm gonna get us lost inside a cloud
'Cause that's the only way to fly
So put your trust in me
& you'll see what the game of love's all about
It's...
(repeat & fade):
Way way out, way way out
