Feel the fire burning you up  
As the trailings goes near  
Questions rolling round in your mind  
Winning's the word that you fear

Don't say goodbye to all your dreams  
Just let the memory go on forever  
In your mind

'Cause it's a hard race  
You'll never finish a game when you don't play  
It's a small plate  
Put it all together and fight it while you can  
Oooh... ohhh...

Temperature's rising right to the top  
Victory's the word that you'll mean  
You try hard to listen, but you just can't hold back  
Reach right ahead and be free

Oh, don't say goodbye to all your dreams  
Just let the memory go on forever  
In your mind

'Cause it's a hard race  
You'll never finish a game when you don't play  
It's a small plate  
Put it all together and fight it while you can  
You got to ride on through the night  
It's just a battle of strength that you can't hold back  
'Till it all breaks  
Never pressure to it, and the victory you will take

But until it's over, reach for the stars  
And they will follow you where you are  
Their secret light shine over you  
Over and over and over again  
Don't say goodbye to all your dreams  
Just let the memory go on forever  
In your mind

'Cause it's a hard race  
You'll never finish a game when you don't play  
It's a small plate  
Put it all together and fight it while you can  
You got to ride on through the night  
It's just a battle of strength that you can't hold back  
'Till it all breaks  
Never pressure to it, and the victory you will take  
Ohhh... you will take it  
You'll win the fight, ooh
