Let me be yours  
For the rest of my life  
Together we can  
Love forever

It's not the first time  
My heart's been broken  
But it's the last time that I let you go  
We can reason  
Wanna talk about it?  
Are we just plain too shy to let it show  
(Let it show)  
All around the back door  
The snow is falling  
It paints a picture just to let us know  
That now's the right time  
To get together  
To make what we've been waiting for  
(Let me be yours)

Let me be yours  
For the rest of my life  
Together we can  
Love forever  
(Let me be yours)  
Let me be yours  
For the rest of my life  
Together we can  
Make a happy home

I keep the photo  
Of the night we met  
In the drawer right beside my bed  
And every night I go to sleep  
And every morning I wake  
(Look to see)  
I look to see you and me  
But it ain't easy  
To control my thoughts  
From the thought of someone  
Trying to steal your heart

This time I'm ready  
To keep what we have  
No matter how far we go  
This love will always last  
(Let me be yours)

Let me be yours  
For the rest of my life  
Together we can  
Love forever  
(Let me be yours)  
Let me be yours  
For the rest of my life  
Together we can  
Make a happy home  
Oooh, mmm...

Let me be yours  
For the rest of my life  
Together we can  
Love forever  
(Let me be yours)  
Let me be yours  
For the rest of my life  
Together we can  
Make a happy home
