Yo, we're going to have the word love  
In many different languages  
Translated all through the track  
So, whenever you hear the word love  
Know that, it's going to be in a different language  
The language of love cannot be translated, yo

Love is blind, you just see bright light  
You up in the club feeling' the night life  
Looking' for the right type

Blood rushing to your heart making it beat  
When she swept you off your feet and made it  
complete  
You know the plan you had to conquer the world  
Thinking you Scarface, looking for that perfect girl

And now you found her  
Started with romantic, then got to frantic  
Then things that's normally small become gigantic  
Now y'all sinking like the Titanic, here come the panic

When I'm with you like a habit, without you I can't stand  
it  
It's tragic when you wonder when you lost that magic  
Without understanding that you never had it try to grab  
it

In the bed can't get a nut off, communication cut off  
Getting mad, 'cause you turned or wondering where  
she shut off  
Constantly comparing you to someone in my past  
We don't smile anymore, and we argue over cash

Advance to that physical shit  
See what happens if you keep talking  
See what happens if you lay a finger on me  
motherfucker  
Yo, see what I'm saying'

It's like one big mind game that everybody playing' and  
Niggas say bitches is trife, bitches say niggas is

We just don't understand our fundamental differences  
I'm still learning though, actually  
I just do what come naturally naturally, naturally

L'amour n'a pas de, frontiere  
Restes car je t'aime comme tu es  
J'ai traverse l'ocean du verbe  
Et je t'ai trouve

Women thrive on emotions, men refuse to  
acknowledge  
So when we arguing' nobody win  
Words get in the way time and again  
Sticks and stones break your bones words break your  
heart  
Whether you in touch with that part or not say word

Words are weapons for the revolutionary  
Used for evil make the situation very scary  
Word up, but love is brave, it flies in the face of fear  
Yo, wherever you want to go love'll take you there

Let's go, you know a flower that grow in the ghetto  
Know more about survival than the one from fresh  
meadows  
It got love for the sun, that's where I'm coming from  
Spit and it's smashing, 'cause the love rocking' over  
drums

Word, I put my love into my music  
If you with me then you love how I do it  
If my heart you're living' in your ocean I'm swimming' in  
Never drowning got me floating' watching you in slow  
motion

Love potion overdosing' approaching'  
The explosion of my senses  
Everyday without your heart  
Is like a sentence in jail

Trust I'll always be mentally free  
You got the key to let it out I'll show you how it could be  
Love, it ain't nothing' but a word  
A chicken ain't nothing' but a bird, yo, yo, yo

L'amour n'a pas de, frontiere  
Restes car je t'aime comme tu es  
J'ai traverse l'ocean du verbe  
Et je t'ai trouve

Some of you love that material bug

Love enter my life like a miracle  
And it reciprocal that's why I'm feeling you love  
We exhibit our natural behavior

Like making love under the moon in Jamaica  
Get you so hot you call the name of the creata  
The morning we hop back into action again  
Up on a wall love how the sun liking your skin

Remember when we explored the beach  
Swam in the ocean and saw beneath  
How the colors of the coral reef  
Looked like the idlest floral piece

That's what your beauty remind me of  
It's hard to find a love like ours, taking it high above  
Them other duns try to spit game but, I don't sweat it  
though  
Know in my heart that we connected so I let it go

Now if they call you out your name and that's a  
different thing  
Anything but Queen I'll go to war like a King  
Your friends sweat you, 'cause you ain't got a band  
But they don't understand  
Some things is meant to stay between a woman and  
man

And they hate Griffy too so they try to get into it  
Both you and me see through it so the way we flow is  
fluid  
We speak the love language, they speak from pain and  
anguish  
Some don't love themselves so they perception is  
tainted

Out the joint like 'shit he paying for you and missing the  
point  
When you rubbed me into your skin just like an  
ointment  
Is more than pillow talk, it can't be translated  
But how to speak it, and become emancipated, it's a  
language  
Universal love

L'amour n'a pas de, frontiere  
Restes car je t'aime comme tu es  
J'ai traverse l'ocean du verbe  
Et je t'ai trouve

Oh, love, love love love love, love, love

Love love love love, love, love  
Love love love love, love, love  
Love love love love, love, love  
...
