I know you really need to see me
It's such a lovelier sight, yeah
I watch you from my mirror, hey
And I know you wanna get with me tonight
You're lookin' kinda sexy, baby, ah!
You wanna know how I know
Well, I don't think I should really say
But hey, what the heck I'm tellin', tellin'

What, what he needs to know
I'll save it 'till the end, then
I'm feeling I should tell you
But I like to watch you wait instead
You know I never like roses
I never liked you in black
Tell me who's that girl walking through your door
And what she's doing with mine?
Don't lie 'cuz

It's a one way mirror
And you've been cheating on me
You really think you're clever
But you don't know what I can see
'Cuz it's a one way mirror
And only I can see through it
In what you're doing to her
Oh, you got to be kidding me

You're loving her just the same way, baby
That should always me, uh
It's a crime of passion
And that crime should only be with me
Yu know I gave you all I had
Now you're causin' me grief
Well, when you're done with using her,
Will you come running back to me?
No, I don't think so.

What he needs to know
I'll save it till the end, then
I'm feeling I should tell you,

But I like to watch you wait instead
You know I never like roses
I never liked you in black
Tell me who's that girl walking through your door
And what she's doing with mine?

It's a one way mirror
And you've been cheating on me, uh
You really think you're clever
But you don't know what I can see
'Cuz it's a one way mirror
And only I can see, uh
In what you're doing to her
Oh, you got to be kidding me

It's a one way mirror, mmm
And only I can see (cha, cha)
In what you're doing to her
Oh, you got to be kidding me
'Cause it's a one way mirror
And only I can see
In what you're doing to her
What you should be doing to me

Come on, man and tell me do you think that I deserve
In what you giving someone else, a special her
Taking it and giving it when you really want to
Unh... oh...
Come on, man and tell me do you think that I deserve
In what you giving someone else, a special her
Taking it and giving it when you really want to
Unh, whoo!

It's a one way mirror
And you've been cheating on me, uh
Think you're clever
But you don't know what I can see
'Cuz it's a one way mirror
And only I can see through it
In what you're doing to her...
