Don't wanna watch while you get hurt
Take my advice
Don't give it away

Girlfriend, you better listening to my advice

While you're waiting in the midnight
He's out holding someone tight
Hey girl, don't they make you ask for lies?
I wouldn't if I were you
If he want some satisfaction
And you're looking for his reaction
Uh-uh, it's just not in his eyes, no

Why can't you see
You use your heart and not your head
Hey, you should know by now
There's no meaning in what's left unsaid
Watch out for the signs, read

Read between the lines, read
Just look in his eyes and you'll see the signs
Read between the lines
All you gotta do is read between the lines
Ha, do you hear me?
'Cause his actions speaks much louder than his words
Check it out, I feel it don't feel right, ohh...

You want a lifetime you can treasure
He wants a woman, strictly pleasure
Ooh, she'll better think it over twice
You better think twice
He'll break your heart and leave you dry
Then you sit and wonder why, why you
He'll never break you for the ice, oh yeah

Why can't you see
You use your heart and not your head
Hey, you should know by now
There's no meaning in what's left unsaid
Can't you see the signs? Ohh...

Read between the lines, read
Just look in his eyes and you'll see the signs
Read between the lines
All you gotta do is read between the lines
Do you hear me?
'Cause his actions speaks much louder than his words

Don't wanna watch while you get hurt
Take my advice for what it's worth
Do what you want with your life, do what you want with
your life
Don't wanna watch while you get hurt
Take my advice (don't), don't give it away, ooh

[Interlude]

Oh no, read between the lines, read
Just look in his eyes and you'll see the signs
Read between the lines
All you gotta do is read between the lines, oh no
Look in his eyes and you'll see the signs
I'm not telling you how to run your life
Read between the lines
All you gotta do is read between the lines
Ah, do you hear me, do you hear me?

Read between the lines, read
I'm not telling you how to run your life
Read between the lines
All you gotta do is read between the lines, oh no
Read between the lines, read
I'm not telling you how to run your life
Read between the lines
All you gotta do is read between the lines, oh no

Read between the lines
Read, read, read, read, read, uh-huh, uh-huh
Read between the lines
Ohh... all you gotta do is, all you gotta do is, oh no
Read between the lines, read
Read between the lines
