Wo, ho, oh, oh  
Wo, oh, brand new world

Oh, I strike the light  
Is it it or me  
Everytime I turn around  
Your shadow's here  
Reach for the phone  
Your voice appears  
It echoes in my mind  
And I just can't see

So burn out the coal  
And set me free  
'Cause everytime I fight it off  
I just see you and me

[Chorus]  
Bet you only try to make it hard  
(Brand new world)  
There's a brand new world  
But you don't know how to face it  
Looking just to find a better start  
To take it  
You stand with me  
But I don't stand with, I don't stand with you

You turn cool as I say goodbye  
The only words that meant a thing  
Was just out of fear  
I watched you go as I stood right there  
I wanted so to give you love  
But you just weren't here

So burn out the coal  
And set me free  
'Cause there's a brand new world out there  
For both of us to see

Bet you only try to make it hard  
(Brand new world)

There's a brand new world  
But you don't know how to face it  
Looking just to find a better start  
To take it  
You stand with me  
But I don't stand with, I don't stand with you

Repeat Chorus

Oh, come on

(Guitar solo)
