Oh, what's up everybody? This is Rick James
Talib Kweli, DJ Hi Tek, Reflection Eternal

We make the music that change your life
'Bout to touch you just right
All night, we gon' shine the light
'Bout to touch you just right

We make the music that change your life
'Bout to touch you just right
All night, we gon' shine the light
'Bout to touch you just right

Piakhan, floating on the mighty clouds of joy
Building a future, yo, for my baby boy
I moved form the hood, yet the shit is still in me
And your opinion is nothing to me

I have plenty like bein' out of prison with a roof over my
dome
And possessing the gift such as sparking the
microphone
Accumulate the provolone, makin' it happen with Talib
A Nattian cat, we got em' snappin', Roberta Flackin' the
track and

Killin' em softly with out flossin'
But yet the shine is glossy and
The run the lyrical train through your brain shit
Strategy pain, I'm on some clubber lane shit

With the iron, ain't no use in you trying, I ain't lyin'
Through your ears mesmerize 'em
It's about time that genuine started risin'
Once again, replace bullets with words, try to make it
fun again

We make the music that change your life
'Bout to touch you just right
(Right, right, right)
All night, we gon' shine the light
'Bout to touch you just right

We make the music that change your life
'Bout to touch you just right
(Right, right, right)
All night, we gon' shine the light
'Bout to touch you just right

If the put my life on the screen then it's got to be the
Imax
I live large, stroke your mind, till you reach climax
Terrorist hijack on Hi Tek fly tracks, front, don't try that
My niggas got my back

You gotta relax, ease back
What's that all about with the feedback?
All up in my mouth, we don't need that
Enjoy life, open [Incomprehensible]

Asphalt is the place to be at
Where the people fire burn so bright, you can see that,
believe that
It ain't light music, no, we make the right music, true
Keep it tight music, yes, affirmin' life music, come on

We make the music that change your life
'Bout to touch you just right
(Right, right, right)
All night, we gon' shine the light
'Bout to touch you just right

We make the music that change your life
'Bout to touch you just right
(Right, right, right)
All night, we gon' shine the light
'Bout to touch you just right

It's like girls got the bass all up in they hips
My favorite part on the face is the shape of the lips
Yeah, I wanna touch you there, right there
Your mind is my concubine, when I deliver shivers up
your spine

[Incomprehensible]
Like the bread and wine, my brain's embedded with
rhymes
That's ahead of they time, I rock the better design
You cats ain't got the touch
You all suck, like getting head from a dime

I run up in em' and touch 'em with the rhythm and
Clutch em' if they tremblin', it's a rush like adrenaline

At point break, the joint shake, when you play this
Your crew is haters when they come through with the
newest, latest
(Like that)

Reflection Eternal
Shine light bright like the day till the sky turn purple
And the moon arrive, reflecting light through the night
That touch you just right

With the rhythm, rhythm, God bless the rhythm
It's the rhythm, rhythm, yes, y'all, the rhythm
Shorty on the dance floor, giving me rhythm
Hi Tek make y'all nod, y'all neck to the rhythm
And

We make the music that change your life
'Bout to touch you just right
(Right, right, right)
All night, we gon' shine the light
'Bout to touch you just right

We make the music that change your life
'Bout to touch you just right
(Right, right, right)
All night, we gon' shine the light
'Bout to touch you just right

Clap your hands everybody
Clap your hands everybody
Clap your hands everybody
Clap your hands everybody
