

Explosion, The "Heavyweight"

Visit "[Heavyweight](#)" on MotoLyrics.com

Take all the time you need to win all your fights.
And lose sight of everything
Come on come talk to me.
Too scared to step up like a heavyweight.
Without a ring
And I'm starting to see
What's in it for me.

But I can't do nothing cause I feel so weak.
I'm starting to see what's hidden beneath.
Take everything you want
Night after night fight after fight 'til it's gone.
Take all the time you need watch it all crash down.
Too scared to get knocked out
To hurt to move along.
Let it out, let yourself to the next bout stand up and
sing along

Chorus

Upper cut, on the ropes.
Take everything, I got nothing to show
Hear the noise, see the crowd.
Heavyweight 'til the final round.
Now I'm down-count to ten
Coming up for air again and again and again.

Chorus
