"I know"

I know
Something about you.
It's a secret.
Something about you
and it's keeping
Us underground.
It's keeping our hands folded (folded).

I knew
Something went wrong.
It's nothing
Something went wrong.
And it's holding
Holding our tongues.
It's sterilization.

I know
Something about you.
Yeah I know
Something about you.
I know something about you
It's a secret
Something about you
And it's keeping
Us in the crowd
It's keeping our mouths open (open).

I know
Something seems wrong
So I'm guessing
Something went wrong.
And it's creeping
Into our heads.
It's a mobilization.

I know
Something about you.
I know
Something about you.

When the sky fills up with secrets

And the ground opens up and swallows You whole
I know something about you...
