Three thousand miles away
You can hear the sirens sound.
Dirty eggs are hatching.
They're running all over town.

Tarantulas attack.
Cities fall we're fucking maniacs.
Tarantulas attack.

From new york to san francisco
You can hear them crawl around.
Got you by the ankles
reaching up from underground.

Tarantulas attack
Missiles do nothing eight legs and hairy backs.
Tarantulas attack.

Tarantulas attack
Missiles do nothing eight legs and hairy backs.
Tarantulas attack.
