Get up get out of my life.  
Just leave me alone.  
I wish I could take your money and burn it down with  
your home.  
I'm sorry I didn't mean it. Did I really say that aloud?  
I'll take anything you've got. I'm really not that proud.

We all fall down  
When it's little kids dreams with grown up schemes.  
Little kids dreams with grown up schemes

Come on, come out with it now. We're really not that  
close.  
Dotted lines and dollar signs are the only thing that you  
know.

I'm sorry I didn't mean it. I'm with you 'til the end.  
I'll keep you closer to me than any of my friends.

We all fall down  
When it's little kids dreams with grown up schemes.  
Little kids dreams with grown up schemes

Back me up into a corner and it all comes crashing  
down.  
Split second quick reaction I've turned the tables now.  
It doesn't matter whatever happens I'm with you 'til the  
end  
And I'll keep you closer to me than any of my friends.

We all fall down  
When it's little kids dreams with grown up schemes.  
Little kids dreams with grown up schemes
