I saw it all from my bubble on the 15th floor  
I was so unaware as I sank into my leather chair  
Upon my throne I was known as untouchable  
The smoke was creeping in, my castle walls were  
wearing thin  
It took a fire to inspire me to make my move

Cigarette in a garbage can  
Changed the ways of this corporate man  
It was time for a radical plan

(Chorus) I took a dive  
I took a love plunge into your arms  
I took a dive  
I took a love plunge into your arms  
I took a dive  
I jumped in with all of my heart  
I took a dive

Follow me through the door to the great unknown  
Something was telling me that this would shape my  
destiny  
Take my hand, understand you are not alone  
Shame on me if I oppose the stirring of the Holy Ghost

Heard a voice calling out to me (out to me)  
I have come to set your spirit free (spirit free)  
And in me you are free indeed

(Chorus)

I'm breathing under water (I'm breathing)  
I'm sinking like a submarine (submarine)  
Your ocean's so much deeper than  
Than anything I've ever dreamed

(Chorus)
