down with the dc talk
down with the dc talk
are you down with the dc talk
down with the dc talk
pullin' out my big black book
'cause when i need a word defined that's where i look
so i move to the "L's" quick fast, in a hurry
threw on my specks, thought my vision was blurry
i looked again but to my dismay
it was black and white with no room for gray
ya see a big "V" stood beyond my word
and yo that's when it hit me that luv is a verb
words come easy but don't mean much
when the words they're sayin' we can't put trust in
we're talkin' 'bout luv in a different light
and if we all learn to luv it would be just right
hey, tell me haven't you heard
luv is a serius word
hey, i think it's time you learned
i don't care what you say
i don't care what you heard
the word luv
luv is a verb
thinkin' of a way to explain-o
'cause ya knowin' that i'm flowin' like a bottle of drain-o
simple and plain L-O-V-E
ain't all that junk that you see on TV
put soaps on a rope 'cause they ain't worth cope'n
with it's a myth that there ain't no hope and
luv is enough if it's unconditionally
given now ya livin' out the great commission
back in the day there was a man
who stepped outta heaven and he walked the land
he delivered to the people an eternal choice
with a heart full of luv and the truth in his voice
gave up his life so that we may live
how much more luv could the son of God give
here is the example that we oughtta be matchin'
'cause luv is a word that requires some action.
