### "Socially Acceptable"

What cha thinking doing the things you do  
Whose opinion are ya listening to  
Justifying you turn it all to grey  
Synchronizing to society's ways

RAP- Society has gotten to be all outta wack  
And don't bother with excuses whether white or black  
To blame it on a color won't get a result  
Because history reveals to me how ethics were lost  
In reality our decency has taken a plunge  
In God We Trust is an American pun  
Funny how it happened so subtly  
Hey-yo fellas kick the melody

CHORUS- Socially acceptable  
It's ok, it's alright  
Socially acceptable  
It's ok in whose sight  
Socially acceptable

Times are changing with morals in decay  
Human rights have made the wrongs ok  
Something's missing and if your asking me  
I think that something is the G-O-D

RAP- To label wrong or right by the people's sight  
Is like going to a loser to ask advice  
And by basing your plans on another man's  
Way of living life is creating a brand  
Of ethics sure to be missin' the punch  
No-count morals that are to lunch  
They're sliding away because everything's ok  
It was taboo back then, but today ya say "What the hey"

REPEAT CHORUS

RAP- We gotta get back to the principles found in the  
Word  
A little G-O-D could be socity's cure  
From the state that we're living in  
'Cause again we're slipping

So pray for America  
Because time is ticking

REPEAT CHORUS
