Cover me with shades of disbelief

Can happiness be someone else's dream

Numbers call to spell my name

Move about as values change

Catch me if you can

But don't delay

Today, today

It's a dream away

Governed by the title on the wall

Commit me to a life within a fool

Happiness can often bleed

Beggars lay among the sheep

Let me take the choice

The sermon pleads

Today, today

It's a dream away

Visions in my cell begin to breed

Was everything a fact of what I read

Excuse my while I spell my name

Boat and ship could sound the same

Catch me if you can

But don't delay

Today, today

It's a dream away

Belle Malissima

Today, today

It's a dream away
