Tell me do you like it like that
Show me where you want me
You gotta let me know what's up

Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up

Oh I think I'm gonna fall for you
Do you mind if I do
Tell me do you wanna get it on
I can wait but not too long

Oh you make me wanna lose control
Over my mind
Over my soul
I know in my heart we're meant to be
You and me like a fantasy

Baby I can't wait forever
I feel like it's now or never
We were meant to be together

Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up
Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up

Oh you're truly so original
You're so fine it's criminal
I am putting all my pride at stake
I'm for real accept no fakes

Oh I think we're running out of time
It's your call make up your mind
I will give you all the space you need

Ain't that great
Give in to me

Baby I can't wait forever
I feel like it's now or never
We were meant to be together

Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up
Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up

When I'm all alone baby
The thought of you drives me crazy
You will always be
The one for me
Don't disagree

Tell me do you like it like
Would you rather like me to stop
You gotta show me where you want me (where do you
want me)
You gotta let me know what's up (just show me baby)
Tell me do you like it like (do you like it)
Would you rather like me to stop (would you like me to
stop)
You gotta show me where you want me (you gotta show
me)
You gotta let me know what's up (show me)

Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up
Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up

Tell me do you like it like that (like that)
Would you rather like me to stop (stop)
You gotta show me where you want me at (where at)
You gotta let me know what's up
Tell me do you like it like that (do you like it)
Would you rather like me to stop
You gotta show me where you want me at
You gotta let me know what's up
