[Chorus]

You wanna drink something (drink something)
I wanna smoke something (smoke something)
Give me a project hoe
And let me choke something (choke something) - 2x
You wanna snort something (snort something)
I wanna fuck something (fuck something)
Give me my chopper nigga and let me bust something
- 2x

[Mr. Marcelo]

Hennessy sipper, extra clip with two ghetto niggas
Indo smoker, no joker check the quoter, who that
Got enough artillery to knock your whole motherfucking
crew back
I'm that cat, ain't nothing like a ghetto nigga living it up
Smoking blunts, getting head in the beamer truck
Me and my niggas bout clubbing, so where the flo' at
And where my nigga Woody bring the case of Mo' back
We getting wild in this bitch nigga like the guards
And all my niggas yell fuck the laws
Hoes get what you want cause we got the bar
The club is ours all bitch niggas and cowards
Get out, 'fore you leave with a slug in your mouth
Who's house is that bump got baby
One false move and you might die baby
Yeah I roll with Krazy, and we got shit on lock

[Chorus]

[Krazy]

I'm thugged out, in the club nigga peeping these hoes
Kitty popping in the corner baby showing your golds
I'm a thug nigga, I need a thug bitch
Baby just give me some head I'm already rich
Tell me why these niggas wanna hate on me
Knowing that I brought my fucking chopper with me
With about a hundred rounds and a extra clip
I'ma bust till that fifty bitch niggas get whipped
If your hoe sweating, then she getting fucked
I'm mixing henny with weed so niggas getting bucked

Tear the club up, I'm a soldier
The I Reveal, Calliope and Magnolia
We gone thug till we die, nigga fuck the cops
All the hoes that I done fucked, bitch give me my props
Give me that chopper my cell I wanna smoke
something
Give me a project bitch and let her twerk something,
now

[Chorus]

[Krazy]
My niggas snort coke until they pass out
Thug bitches in the club stick your ass out
The cash out, let's smash out to the telly
Follow me, put this thang in your mouth girl, and
swallow me
Nut, when it cums

[Mr. Marcelo]
Gushing out, me and Krazy
Pushing six hundreds, without a doubt
When we entered in the closed house
We the niggas everybody round here talking bout
In the club showing love and we taking bitches
Ghetto hoes love real niggas with major riches
I'm the type to tell a hoe she could save the digits
And you can keep the pussy baby after head I ain't with
it
Is you with it

[Chorus]

New York City (they like to smoke something)
And California (they like to choke something)
Deep in Atlanta (they like to snort something)
Off in Texas (they like to fuck something)
Right there in Carolina (they like to bust something)
And Mississippi (they like to smoke something)
Right there in Minnesota (they like to choke something)
And Chicago (they like to snort something)
Off in Ohio (they like to bust something)
Down in that N.O. (We like to fuck something baby)
