You say you shouldn't come around
Everything turns upside down
When you first walk into the room

Where you go bad luck abounds
Black cats follow you around
Broken mirrors lie shattered on the ground

Chorus
Bad luck charm - You know it's true
Bad luck charm - What can you do?
Bad luck charm - You know I think you're cool

You say you're in the way
That maybe you should stay away
And then everything would be okay

I'd much rather that you stay
And hang out with me everyday
I wouldn't have it any other way

Chorus

They say you shouldn't come along
Everything turns upside down
When you first walk into the room

Where you go bad luck abounds
Black cats follow you around
Broken mirrors lie shattered on the ground

Chorus
