Visit "[Finished With You](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Look at you - you're such a sight to see  
Do you know what you think or who you want to be?  
You bring me down with negativity  
You've got a lot to say, but no credibility

Chorus

Do you think you left me broken hearted?  
You should know that it's not so easy to do  
I always try to finish what I've started  
All I know is that I'm finished with you

I bet you'll tell me what you're thinking of me  
But I don't care, I know who I want to be  
Your opinions lack sincerity  
As you try to stay true to your stupid philosophy

Chorus

I think I finally figured it out  
And now I know what you're all about  
You've opened my eyes and now I can see  
With friends like you, who needs enemies?

Chorus
