I knew the moment we first met,
You were one of a kind, a read train wreck,
Rolling over everyone you see,
But you won't roll over me.

You've got a special way of making me feel sick,
You always know just what to say,
And you're getting on my nerves,
Trying to weasel your way under my skin,
You've pissed me off and,
My patience is beginning to wear thin.

I hate to see you come my way,
You know i'd rather that you just go away,
You come around and then you ruin my day,
Ohh Way Ohh, I don't like you.

Too much idle time spent alone,
Talking on the phone,
Talking about someone else but hey,
It's no problem of your own,
There's nothing wrong with them,
There's something wrong with you,
Turning things around and twistin',
Twisting up the truth.

You've taken things way too far,
Reaching to new lows and you're so,
Full of crap, you're a social mishap,
Ohh Way Ohh, I don't like you.

Now i've seen it all and this is who you'll always be,
It is clear that you will waste away miserably,
If this is waht you think is cool, I'll never be,
Part of your club of loser, washed up wanna-be's.

So many faces, which will you be,
Friend, Confidant, or my worst enemy,
Who knows which card,
YOur're holding up your sleeve,
Ohh Way Ohh, I don't like you, anymore,

Don't like you, nevermore,
Don't like you, you're a bore,
Ohh Way Ohh, I don't like you.
