Painted numbers and sonic slumbers  
Fool who thinks he knows it  
But can't show the way he really feels

Goodbye wavers and penny savers  
Fool who thinks he knows it  
But can't show the way he really feels

I hear them laughing  
I hear them laughing

All the times have I stumbled before  
Growing weeds  
Through the holes in the floor

Behind

Planted favors and absent saviors  
Fool who thinks he knows it  
But can't show the way he really feels
