Desire, whispered, spoken

In time, rivers, oceans

That ain't me babe, that ain't me babe, that ain't me
babe

I'm just content to relax than drown within myself

Of mind, sheltered, broken

Denied, gifted, stolen

That ain't me babe, that ain't me babe, that ain't me
babe

Ain't got a bed of excuse for myself

That ain't me babe

That ain't me babe

Ain't got a bed of excuse for myself

That ain't me babe, that ain't me babe, that ain't me
babe

I'm just content to relax than drown within myself
