Maybe when the heat's away
you're fine.
To put another drink away
is out of line. (out of line)
It's so easy with a thief to blame
for breaking every pledge I've made.
Does it matter
if I can't say Caroline knows?
Every little accident takes time.
Forget about mistakes I've made
they're left behind, (they're left behind)
It's so easy with a thief to blame
for breaking every pledge I've made.
Does it matter
if I can't say Caroline knows?
(Instrumental)
so easy with a thief to blame
for breaking every pledge I've made.
Does it matter
if I can't say
Does it matter
if I can't say Caroline knows?
