Now you're gone
Cannot see me dying.
I'm falling from the sky,
And I see everything passing by.
Seek in flashes of memory,
All the blood that I can't take.
Or the smell of the grass
Clicking all over my head

Ooh, I just know where to go
All the way,
Just thinking what to do
Why don't you take me away,
I'll go there with you

I don't really know what to say,
I don't really know what to do,
Words spoken now are dreams to come true

Ooh, I just know where to go
All the way,
Just thinking what to do
Why don't you take me away,
I'll go there with you

Daderairee, Daderaierere

Would you come with me,
I'll go there with you

I don't really know what to say,
I don't really know what to do,
What to do and what to say,
I don't really know what to say,
I don't really know what to do
