Black black...mother
Black black...mother

I know your magic combination
I must decline your invitation
But this is so hot
Baby, it's gonna break my heart
Oh, black mother...

I feel your body just sleeping inside me
I know what's laying beside me
The night is so cold
But your body can be fooled
Oh, black mother...

* In the night the fairy just take my hand
I can fly for reaching my promised land
Black mother

Every time when I'm walking in the cold
All alone without a place to go home

** I feel your heart beat
A special time I feel you near my mind
Oh, oh, oh
I take the night wings
Because I need a chance to feel you Mine...

Black black...mother
Black black...mother

*** You have the great imagination
With you there's no hesitation
the music has start
So nobody say you bother
Black mother...

**** Just let the feeling take you higher
The minors going with desire
The way is to roll
With a fire in the soul

Black mother...

* Repeat, Repeat (x3)

Black black...mother

Black black...mother

*** Repeat

**** Repeat

** Repeat
