I've discovered for myself this time

The start of everything to me

Is to know our love is older than the sea

But don't let another flame inside

Your fire-proof heart

'Cause I'm not your full-time lover

And it's tearing me apart

I've been hangin' on this line too long

855-7019

Don't you ever answer

855-7019

Don't you hear the word

Search for a sign , baby

She was the past and the future

I just got burned

855-7019

Is a private number

I know in your mind that you think

It's a crime, but I had to call

First and last , there will

Never be a past or a future

If you kill my phone

Baby lifts her eyes

And I'm a slave to all the lies

And I'm forever lost

I believe in you and me

Together and it keeps this love alive

855-7019

Don't you ever answer

855-7019

Don't you hear the word

Search for the sign , baby

She was the past and the future

I just got burned

I have suffered for my sins today

With the pain of love

Before the dawning comes

The darker is the night

I'm born to be the one to share your life

That shows I don't need no operator

I don't want no one to know

How much I need you

855-7019

Don't you ever answer

I know in your mind that you think

It's a crime , but I had to call

First and the last , there will

Never be a past or a future

If you kill my phone

Baby lifts her eyes and I'm a slave to all the lies

And I'm forever lost

I believe in you and me together

And it keeps this love alive
