I've been here all your life watching your crying game

You were the heaven in my lonely world

And he was your sun and your rain

I was losing you before I ever held you tight

Before you ever held me in your arms

And I won't make you blue

And maybe an everlasting love will do

Ah, we got an everlasting love

So tall, so wide, so high above the rumble of thunder  
down below

It's your love I need, it's the only show

And it's you want an everlasting dream

can take us anywhere are the tears of yesterday

We killed the pain , we blew away the memories of the  
tears we cried

And an everlasting love will never die

Take me out of the cold

Give me what I've hungered for

If it's the pleasure of taking my heart that you need

Then it only makes me love you more

I was yours before the stars were born and you were  
mine

I could have saved you all the pain you knew

And I won't make you cry

And maybe an everlasting love can try

Ah, we got an everlasting love

So tall , so wide, so high above the rumble of thunder  
down below

It's your love I need, it's the only show

And it's you want an everlasting dream

can take us anywhere are the tears are yesterday

We killed the pain , we blew away the memories of the  
tears we cried

And an everlasting love will never die

(repeat last verse 2 more times and fade
