I've got a notion to live in an ocean of bad bad dreams

No consolation to mixed conversation in bad bad dreams

You know we're all alike

We can shout and scream and yell all night

It's just a bad bad dream

Feel like I'm crying, there's no use denying it's all been done

For your information we still own the nation, the war's been won

You know you're far too late

Your only hangup is you hesitate

It's just a bad bad dream

Bad bad bad dream

Bad bad bad dream

Bad bad bad dream

Bad bad bad dream

I'm getting it to you so you get it through you and make your choice

People start playing and back what you're saying in just one voice

You know you're all insane, it doesn't matter how you play the game

It's just a bad bad dream

Bad bad bad dream

Bad bad bad dream

Bad bad bad dream

Bad bad bad dream

Bad bad bad dream
