Gees Bee
"Bad Girl"

Bad girl , you throw me 'round and make me cry

You're just a bad girl , your every kisses tell me lies

I'm gonna leave you

But if I do my heart will die

What can I do , it's all 'cos of you

Slow down , you leave those other guys alone

There's gonna be a showdown

I aim to leave you on your own

Cos you're a bad girl

And all you ever do is break my heart in two

It's all cos of you

This love of mine

A waste of time

I aim to share that moon above

You've got me on a string

You got me wondering

If I am still the man you love

You're just a bad girl

You throw me kisses while you may

You're gonna be a sad girl

I aim to throw your love away

Cos you're gonna cheat me

I know it's true and I'm warning you

Stay away from me , stay away from me

This love of mine

A waste of time

I am to share that moon above

You've got me on a string

You got me wondering

If I am still the man you love

You're just a bad girl

You throw me kisses while you may

You're gonna be a sad girl

I aim to throw your love away

Cos you're gonna cheat me

I know it's true and I'm warning you

Stay away from me , stay away from me

Stay away from me , stay away from me

Stay away from me , stay away from me
