There you are

Shiny as a morning star

It's a figure of speech

But you're still out of reach

You never told me loving you

could be so wrong and right

And it's gonna be a lonely night

I turn to you

You turn away

You're looking at someone else

And here I am

Loving you more and more

We got an open door , my love

Oh let it be just a state of mind

And suddenly you appear

Chorus:

I'm carried away

I'm carried away

To be carried away

I'm carried away

C'est la vie

So you wanna play another part

Can you say goodbye

Can you live a lie

She'll never give you what I

gave you was my breaking heart

Better than I ever known

And if you can live without my love

You know you're gonna be alone

And here am I

Walking against the crowd

Calling your name out loud my love

Oh let it be just a state of mind

And suddenly you appear

Chorus:

I'm carried away

I'm carried away

To be carried away

And I'm carried away

Bridge:

Baby there ain't no final word

I'll be yours again

I got a world of tenderness

Yours until the end

Chorus:

I'm carried

I'm carried

To be carried away

I'm carried

(Repeat chorus and fade)
