You took a mystery and made me want it

You got a pedestal and put me on it

You made me love you out of feeling nothing

Something that you do

And I was there and not dancing with anyone

You took a little, then you took me over

You set your mark on stealing my heart away

Crying, trying, anything for you

I'm in the middle of a chain reaction

You give me all the after midnight action

I wanna get you where I can let you make all that love to me

I'm on a journey for the inspiration

To anywhere and there ain't no salvation

I need you to get me nearer to you

So you can set me free

We talk about love, love, love

We talk about love

We talk about love, love, love

We talk about love

You make me tremble when your hand moves lower

You taste a little and you swallow slower

Nature has a way of yielding treasure

Pleasure made for you, oh

You gotta plan , your future is on the run

Shine a light for the whole world over

You never find your love if you hide away

Crying , dying , all you gotta do is

Get in the middle of a chain reaction

You get a medal when you're lost in action

I wanna get your love all ready for the sweet sensation

Instant radiation

You let me hold you for the first explosion

We get a picture of our love in motion

My arms will cover , my lips will smother you

With no more left to say

We talk about love , love , love

We talk about love

You let me hold you for the first explosion

My arms will cover , my lips will smother you

All you gotta do is get in the middle of a chain reaction

You get a medal when you're lost in action

I wanna get your love all ready for the chain reaction ...
