Some nights we made our love in the sand

And at the tide we held our love in our hands

And we listened to music the ocean was playing

The words that our two hearts were saying

That only two lovers can make

Let us ride on the wind while this moment is real

Your the light of my life

You are welcome to my Charade

And this felling knowing you blessed me forever

And believing I have been touch by your love

And the pleasure of knowing the evening won't tare us
apart

We can follow the sun to the day light is gone

We can gaze up the sky till the night is over

Light of my life

You are welcome to my Charade

And this felling knowing you blessed me forever

We can follow the sun to the day light is gone

We can gaze at the sky till the night is over

Light of my life

You are welcome to my Charade

And this feeling knowing you blassed me forever

We can follow the sun to the day light is gone

We can gaze at the sky till the night is over

Light of my life

You are welcome to my Charade.....
