We are children of the world - watching every day go
by

Changes my life, changes your life - keeps us all
anticipating

We are searchers of the truth, every man's a boy deep
down

Gotta say it how you mean it - there ain't no easy way

Like a bird in the wind, like a tree in the storm

Like the breath of a child from the moment he's born

To the very last day when the curtains are drawn

We are children of the world - asking every question
why

From arrival to survival - just to make it worth the
waiting

We are faces in the night - watching every day go by

Changes my life, changes your life - there ain't no easy
way

In the back of your mind there is always a mark

There's a wandering solo alone in the dark

You can keep it forever or tear it apart

We are children of the world - watching every day go
by

Changing my life, changing your life - keeps us all
anticipating

We are children of the world - watching every day go

by

Like a bird in the wind, like a tree in the storm

Like the breath of a child from the moment he's born

Till the very last day when the curtains are drawn

We are children of the world - watching every day go
by

Changes my life, changes your life - keeps us all
anticipating

We are children of the world - watching every day go
by

Changes my life, changes your life - keeps us all
anticipating
