Look at me , I don't know what I'm doin'

ever since I looked at you

How did I get this crazy feelin'

Could it be , I'm in love with you

Ever since I saw you in the moonlight

I've had this feeling through and through

Since that time , I haven't done a thing right

Could it be , I'm in love with you

Golly gee , I don't know where I'm goin'

I'm tryin' to make you see

Oh boy, I got to make her fall in love with me , oh

Night after night , I'm always dreamin'

Why don't you make those dreams come true

Can't you see how much I really love you

Why don't you learn to love me too

(break)

Golly gee , I don't know where I'm goin'

I'm tryin' to make you see

Oh boy, I got to make her fall in love with me

Night after night , I'm always dreamin'

Why don't you make those dreams come true

Can't you see how much I really love you

Why don't you learn to love me too

Love me too

Love me too
