"Country Woman"

Maurice Gibb

Country woman now, what you gonna do with your life

Country woman now, why don't you get out of this life

Leave my life alone

The first time I met you I knew you were the devil's
daughter

You came on like a river , doin' all the things you
oughta

You're a self made women ,baby, not a made-to-order

If you had your way , I know you'd make me stay

And that would only bring me down

Country woman now, what you gonna do with your life

Country woman now, why don't you get out of this life

Leave my life alone

(break)

Country woman , country woman ,country woman

country woman, country woman , ahh....

Country woman now, what you gonna do with your life

Country woman now, why don't you get out of this life

Leave my life alone

Leave my life alone

Country woman now , country woman now, country
woman now,

Country woman now , country woman now, country
woman now, (fade
