"Follow The Wind"

I'm so weary from holding this load

But it's only , love for you, that I walk this lonely road

I must follow the wind , follow the wind

And the wind will take me hold before the cold

Ev'ry stay I have counted

Each flower I have seen

But the place where I'm going , there's no grass as green

I must follow the wind , follow the wind

And the wind will take me home where I can dream

In the hour I am lonely, you're love will be mine

I will stay in your arms dear, until comes the time

I must be on my way for my home is anywhere

I have no time to stay , I have no time to care

I must follow the wind , follow the wind

As the wind gently blows in my hair

(break)

I must follow the wind , follow the wind

As the wind gently blows in my hair

I must follow the wind , follow the wind

As the wind gently blows in my hair
