I stumble in the night
never really knew what it would've been like
you're no longer there to break my fall
The heartache over you
i gave it every thing but i couldn't get through
i never saw the signs
you're the last to know when love is blind
through the tears and the turbulent years
when i would not wait for no one
didn't stop take a look at myself
see me losing you
(Chorus)
when a lonely heart breaks
it's the one that fortakes
it's the dream that we stole
and i'm missing you you more
and the fire that will roar
there's a hole in my sole
for you it's goodbye
for me it's to cry
for whom the bell tolls

hold me

ive seen you in a magazine

a picture at a party where you shouldnt have been

hanging on the arm of someone else

im still in love with you

wont you come back to youre little boy blue

ive come to feel inside

this precious love was never mine

now i know but a little to late that i could not live without
you

in the dark or the broad daylight

i promise i'll be there

(Chorus)

when a lonely heart breaks

its the one that forsakes

its the dream that we stole

and im missing you you more

and the fire that will roar

theres a hole in my sole

for you its goodbye

for me its to cry

for whom the bell tolls

never knew ther'd be times like this

when i couldnt reach out to know one

am i never gonna find someone that knows me like you
do

are you leaving me a helpless child
when it took so long to save me
fight the devil and the deep blue sea
i'll follow you anywhere
i promise i'll be there

(Chorus)

when a lonely heart breaks
its the one that forsakes
its the dream that we stole
and im missing you you more
and the fire that will roar
theres a hole in my sole
for you its goodbye
for me its to cry
for whom the bell tolls

when a lonely heart breaks
its the one that forsakes
its the dream that we stole
and im missing you you more
and the fire that will roar
theres a hole in my sole
for you its goodbye
for me its to cry
for whom the bell tolls

when a lonely heart breaks
its the one that forsakes

its the dream that we stole
and im missing you you more
and the fire that will roar
theres a hole in my sole .
