La.....

I'm gonna buy myself (buy myself)
a house without windows (windows)
So I won't see you walkin' by (walkin' by)
And you'll never see me cry
For all the lovin' I had you treat me so bad and run
away
So when you look inside (look inside)
You will never see me cry and cry
In my house without love

I'm gonna build myself (build myself)
a house without windows (windows)
So I can hide the pain (hide the pain)
And you'll never see me cry again
So when you're passing my way
Each time of the day ,you'll feel the love in you
And you can't look inside
So you'll never see my cry and cry
In my house without you
La....

(break)

For all the lovin' I had , you treat me so bad and run
away
So when you look inside (look inside)
You will never see me cry and cry in my house without
love

La....

(fade)
