I started a joke
Which started the whole world crying
Oh had I only seen
That the joke was on me
And I started to cry

Oh had I only known
That the joke was on me

I fell out of bed
Cursing my head for the things that I said

I finally died
Which started the whole world living
Oh had I only seen that the joke was on me

On me
On me

I finally died
Oh I finally died
I started a joke
Which started the whole world crying

Oh I finally died (repeat above
