Ah, ah, ah, ah ..
I was a lover , a leader of me
All of the women I knew were my friends
I was so happy ,my feet on the ground
I didn't know I was on the way down
'cause you don't feel the same
It's only a game , it's only a game , it's only a game

Ah, ah , ah , ah ..
I had a billion or two in the bank
I gave to charity , ain't got no thanks
You gave me all that a woman could give
Less you're affection , I don't want to live
'cause you don't feel the same
It's only a game , it's only a game , it's only a game

(break)
'cause you don't feel the same

I was a lover , a leader of me
All of the women I knew were my friends
I was so happy , my feet on the ground
I didn't know , I was on the way down
'cause you don't feel the same
It's only a game , it's only a game , it's only a game

Ah, ah, ah, ah, ah...
