"I Will"

Visit "[I Will](#)" on MotoLyrics.com

Is this your voice I heard
Speakin' my name
I hang on every word
Each letter that I write
Every day, every night
But I just can't live and learn

Talkin' to myself and believin'
I could live without you
Livin' on the lies and believin'
That love would stay
Listen to me please and I'm beggin' on
My knees before you
But you don't show the way
No you don't show the way

He may change your world and someday
He may break your heart
And you deserve no better
If you love him I will step aside
I offer this to you
So leave me as I love you still
And if he don't keep you warm
You know I will
You know I will

So this is who you are
And the rest of my life
I dedicate to you
And I know that love can't wait
There's a moon and a sun
And a dream that sees me through

A little bit of change and
A little bit of my desire
I was shaking' all over and
I didn't know what to say
I'm the man in the middle and
The middle man catches fire
But I don't know how to go away
No I don't know how to go away

He became your hero somehow
I became your clown
And you deserve no better
But my love is here and all I found
I offer this to you
So leave me as I love you still
And if he don't take your heart
You know I will

It ain't wise
It ain't smart
You say there's no doubt about it
If you decide
You got somebody else
When I want you to myself
I can't stop
I can't look
I can't say no more about it
But my love will go on
Just as long as the river flows

He will be your king but someday
He might let you down
Follow to the letter that my love is
Real and what I found
I offer it to you
So leave me as I love you still
And if he don't keep you warm
You know I will
