How can I meet other girls when you won't let me go
My heart's still in a whirl and gee I feel so low
I don't know why I feel this way
I'd like to leave if I may

I can't go to play ,you have got a hold on me
You make me work all day
Why don't you set me free
You're on my mind almost all hours of the day
I'd like to leave if I may

It's plain to see that I don't need ya anymore
Why don't you stay beside , and let me through the
door
I know that in my life I've made one big mistake
You'll only hurt me more if we don't make the break
I'm telling you , so hear what I say
I'd like to leave if I may

It's plain to see that I don't need ya anymore
Why don't you stay beside , and let me through the
door
I know that in my life I've made one big mistake
You'll only hurt me more if we don't make the break
I'm telling you , so hear what I say
I'd like to leave if I may

I'd like to leave if I
Won't you let me leave if I
I'd like to leave if I may , if I may
