Verse 1

Every flicker of anticipation
In a vision that will mystify
And you don't even whisper my name

I'm a victim of infatuation
Major lovin' in the first degree
It's hard to control ,the devil in me

Will the spell be unbroken
Just enough to do or die
Heaven on earth I surrender
Send him to me
I won't ever stop

Chorus:

Every sight , every sound
I stumble
Lost in the crowd
Every word , every move
I wake up
Lost in the crowd
So long , it's wrong ,
it's not enough
It's such a crime to torture me
So hard to understand the man
And read between the lines

Verse 2

Any trick of the imagination
Every power in the universe
And I'm so afraid of games you play

When your love is like a precious flower
Any heart can steal your sanity
Into the flames and the danger is so sweet

Will the wheel spin in motion
Just enough to do or die
Heaven on earth I surrender
Send him to me

I won't ever stop

(repeat chorus)
