How did you find there was somebody more than you
want me...
I never understood... Maybe i have never had you
I have been lonely for you lately... i cant wait another
day
when you let me get you close to me, you run and leave
me

(Chorus)
Paying the price of love
The start of my end over you
when youre doing it for someone, you'll never be free
now is all there will ever be

No more too live without you
all the nighttime being without you
girl

Deep in the dark of the night im a man on a mission...
But im safer with you home
never would i make you sorry
you are the only drug i crave for and i've been saving
everyday
held it all inside... i pray you dont forget you got me...

(chorus)
Paying the price of love
My heart in my hands over you
When the battle is just not fair, you'll never be free
That emotion is always replaying

You know the strongest heart is broken when it falls
you turn and walk away and let it die
i've got this picture in my head of you in someone
elses bed
and i am torn apart i'm torn apart inside

I build my world around you
I was nothing when i found you
.....
Paying the price of love

(Chorus)

Paying the price of love
The start of my end over you
when youre doing it for someone, you'll never be free
now is all there will ever be

Paying the price of love
My heart in my hands over you
When the battle is just not fair, you'll never be free
That emotion is always replaying

Paying the price of love
The start of my end over you
when youre doing it for someone, you'll never be free
now is all there will ever be
