Ah.....

Some may find peace of mind lovin' a girl like you
But I can say , in your way , you only make me blue
Some may say , you don't play , you have a heart that's
true
But can they believe what you say
You only make me blue

You hurt me and you fool around
You don't even give me a chance
Well it's over and I'm telling you
It's the end of our romance

Some may find peace of mind lovin' a girl like you
But I can say , in your way , you only make me blue
Ah.....

(break)

You hurt me and you fool around
You don't even give me a chance
Well it's over and I'm telling you
It's the end of our romance

Some may find peace of mind lovin' a girl like you
But I can say in your way , you only make me blue
Ah.....
