"Robot"

Visit "[Robot](#)" on MotoLyrics.com

Robot , robot , rorororororobot , robot , rorororo ain't
never no ...

Gonna caress you , you can invest your time with me ,
don't stay away
If you're in danger , I will engage the enemy , night and
day
Never be your robot
If you wanna use me , if you wanna lose me this time
Quicker than lightening , there will be a frightening
Ain't never no way

Gonna be a robot for you , ain't no way
Never be a robot for you , slip away
Doesn't like to die away
Something that you can't control
Going like a hurricane
Something you can see but you never can hold
Never be a robot for you , ain't no way
Ain't gonna be , never gonna be a robot
Ain't gonna be , never gonna be a robot

I can be fire , I will ignite you all you need , that's
guaranteed
You could be a liar , treat me like a stranger in your life
Just count on me
If you wanna use me , if you wanna lose me this time
Quicker than lightening , there will be a frightening
Ain't never no

Gonna be a robot for you , ain't no way
Never be a robot for you , slip away
Doesn't like to die away
Something that you can't control
Going like a hurricane
Something you can see but you never can hold

Never be a robot for you , ain't no way

(break)

Ain't gonna be , never gonna be a robot
Ain't gonna be , never gonna be a robot
Ain't gonna be , never gonna be a robot
Ain't gonna be , never gonna be a robot
Never be a robot

Gonna be a robot for you , ain't no way
Never be a robot for you , slip away
Doesn't like to die away
Something that you can't control
Going like a hurricane
Something you can see but you never can hold
Never be a robot for you , whoa
Never be a robot for you , whoa
Doesn't like to die away
Something that you can't control
Going like a hurricane
Something you can see but you never can hold (fade)
